New Business

Presentation on Community Safety Play Zone Review – Findings and Recommendations. Presented by Nicole Baptist, Julia Schofer and Brad Chiba	Nicole Baptist, Bylaw and Safety Supervisor, led us through the Community Safety Play Zone Review, findings and recommendations presentation. <ul style="list-style-type: none">The City brought in a third party consultant, TAC – Transportation Association of Canada to assess all our school and park zones and areas. With their findings and further assessments, Nicole Baptist (Bylaw and Safety Supervisor), Julia Schofer (Recreations Service Manager) and Brad Chiba (Engineering Technologist) consulted school principals, administration and other community committees to review and

	<p>provide their feedback on the presentation as well. Everyone was in agreement with the proposed plans with only one committee making a formal recommendation.</p> <ul style="list-style-type: none"> Throughout the presentation, members of the PSC had different opinions and had further discussions on some of the proposed changes to school and park zones. To address these differences the committee decided to write a formal recommendation letter to the city.
Motion 21-18	<p>Ritchie-McInnes, second Sedley</p> <ul style="list-style-type: none"> To form a subcommittee to collaborate on the formal recommendation letter regarding the proposed school/park zone changes. The committee will consist of, CN Constable Hank Neumiller, Fire Chief Trevor Morrissey, Lauretta Ritchie-McInnes, Mayor Mitch Hipsley, Michelle Goulden, Nicole Baptist, and an RCMP representative. The recommendation letter will be sent by July 16, 2021.
Resistance demonstrated against Public Health Orders – Discussion Item	<ul style="list-style-type: none"> Rallies have been held in Yorkton, defying public health orders. Attendees haven't broken any rules and have stayed within the guidelines. Event makers have been reaching people through social media, inviting them to attend their rallies. These types of events are getting less and less attendance so hopefully the trend continues. People do have the right to protest as long as they aren't breaking any covid rules. Tickets will only be issued when necessary and at the direction of Sask. Health.
Protective Services Committee – Process Review, Discussion/Reminder Item	<ul style="list-style-type: none"> With next year's planning meeting, the committee will link to the city's strategic plan to remain in the same flowing direction. As a reminder, when a motion is made, there needs to be an action item attached. Discussions can be kept for information only.

Unfinished Business

	<ul style="list-style-type: none"> No unfinished business was discussed at this meeting.
